HOW IT ALL STARTED

by Kady Jacobs CEO/Founder

Anger Management of the Upstate was established to help heal societal ills through education and proactive intervention by provide insight, awareness, tools and techniques to solving issues people face. Although Anger Management of the Upstate was founded in 2019, it took some time to find a permanent location to provide services. The Resolution and Enrichment Center (The R.E.C.) was obtained on May 28, 2021, but the business was not officially launched until July 31, 2021. Anger Management of the Upstate started offering anger management classes in August 2021 and added Parenting classes in December 2021.
